SUMMARY OF ITEM FOR ACTION

## TOPIC: Classroom Teacher and Other Instructional Salary Allocation

**INDIAN RIVER** 

**STATE COLLEGE** 

- Clark Advanced Learning Center
- Indiantown High School

## **REGULAR AGENDA OR COMMITTEE**: Academic Affairs & Charter Schools Governance Committee

# SUBMITTED FOR: \_\_\_\_\_\_X\_ACTION/VOTE \_\_\_\_\_\_INFORMATION \_\_\_\_\_\_DISCUSSION

**SUMMARY**: Salary increases for classroom teachers and other instructional personnel are guided by the legislature and funding is appropriated in the Florida Education Finance Program (FEFP). Submitted for approval is the spending plan for distribution of state-funded salary increases in K-12. This plan is subsequently due to MCSD for State reporting. Teachers and other instructional personnel at Clark Advanced Learning Center and Indiantown High School are only slated to receive the state mandated raises and bonuses and have not received other College pay increases.

Background: Starting in fiscal year 2020-2021 the state legislature appropriated dollars for the Teacher Salary Increase Allocation (TSIA) in the Florida Education Finance Program (FEFP). From these funds, 80 percent of the allocation was to be used to increase the minimum base salary for all full-time classroom teachers, as defined in section (s.) 1012.01(2). Florida Statutes (F.S.).

In subsequent years, FEFP included funding for salary increases and allocated funding for maintenance of salary increases provided in the previous years. Pursuant to s. 1011.62(14)(b)4., F.S., school districts and charter schools may not reduce the salary increases provided in any subsequent fiscal year unless specifically authorized in the General Appropriations Act. In the 2023-24 fiscal year, the legislature removed the TSIA as a separate categorical within the FEFP and incorporated these funds into the Base Funding Allocation. The funding was not removed; rather, the Base Funding Allocation was increased to include additional funding for the Classroom Teacher and Other Instructional Personnel Salary Increase Allocation.

For the 2024-25 fiscal year, the FEFP includes funding for the Classroom Teacher and Other Instructional Personnel Salary increase Allocation. Of that funding, 5.59 percent is allocated to maintain the salary increases provided in previous years. The remaining 1.07 percent is provided for salary increases in the 2024-25 year.

<u>ALTERNATIVE(S)</u>: There is no alternative. We are required to use the attached templates for the submission of the statutorily required distribution plans. Delay of this submission to the School District may result in a request for leadership to attend a State Board of Education meeting to explain the delay.

**FISCAL IMPACT:** Fiscal impact is net zero as funds available from the growth allocation and remaining maintenance allocation cover this increase. The allocation provided for increasing base salaries for Teacher and Other Instructional personnel equates to salary increases as follows:

- Clark Advanced Learning Center: \$2,276
- Indiantown High School: \$1,724

Parent Out-of-Field Notification Indiantown High School

September 26, 2024

Dear Parent,

When a teacher in a district school system is assigned teaching duties in a class dealing with subject matter that is outside the field in which the teacher is certified, Florida Statute section 1012.42 requires that the school district notify in writing the parents of all students in the class of such an assignment. This out of field assignment may be for the subject matter or for teaching English, Language Arts or Reading as a Second Language (ESOL) strategies outside of his/her field of certification.

A parent whose student is assigned an out-of-field teacher may request that his or her child be transferred to an in-field classroom teacher within the school and grade in which the student is currently enrolled. The school must approve or deny the parent's request and transfer the student to a different classroom teacher within a reasonable period of time, not to exceed 2 weeks, if an in-field teacher for that course or grade level is employed by the school and the transfer does not violate maximum class size pursuant to Section 1003.03 of Florida Statutes and Section 1, Article IX of the State Constitution.

If a request for transfer is denied, the school must notify the parent and specify the reasons for the denial. An explanation of the transfer process must be made available in the student handbook or a similar publication. Please note the Florida Statute does not provide a parent the right to choose a specific teacher.

Our district makes every effort to have qualified teachers serve our students, however in some circumstances we have teachers work in an out-of-field position to meet our curriculum needs. Please note that we are making every effort to assist our teacher(s) to meet the state and district certification requirements.
