Appreciation and Celebration

Thanks **Brant family** for being Photo Booth sponsor for prom! Your generosity is much appreciated!

Huge thanks to the family of **Jordyn Abbott** for sponsoring staff breakfast this week!

Thank you to all parents, students, and staff who made donations of spare change and dollar bills this week to make **Interact's contribution of \$75 to House of Hope** possible.

Triumph Aerostructures has been selected as the 2018 Community Partner of the Year for the Clark Advanced Learning Center. The staff at Triumph has had a tremendous impact on the life experiences of Clark students over the past few years. Several professionals at Triumph have graciously given of their time and talents to provide students with opportunities to learn more about aviation/aerospace as a potential career and to develop skills that will prepare them for careers in the field. They have welcomed a number of our students and guided them through hands-on Internships that have solidified their career plans. They have also provided tours of their facilities to Clark students and staff and have taken the time to speak to students in classes. Even though Triumph Aerostructures is a fairly new Business Partner for Clark, the organization has already had a significant impact on our students and has provided unique opportunities for them. We are deeply grateful to them for their willingness to provide these experiences for our students.
